

Sinclair Broadcasting's decision to force their stations to air an anti-Kerry documentary days before the election is a clear violation of the company's legal obligation to use the public airwaves to serve the public interest. Instead of presenting nonpartisan, balanced coverage of current events, Sinclair Broadcasting is requiring its subsidiaries to broadcast a biased piece of propaganda masquerading as news. Sinclair's policies are detrimental to local interests and underscore the dangers of allowing large media companies to dominate the airwaves.

I ask the FCC to carefully and critically review Sinclair's license and to censure the company for its violation of the public trust. Thank you.
